> A WORD FROM

CAL ISUZU ALEX BOLES

CAL Isuzu is an industry leader who put more than 700 new trucks on NZ roads last year.

CAL Isuzu sells more Isuzu trucks in New Zealand than all the other dealers combined. There's always something going on, there's always plenty of trucks moving around so it's a great place to work because *it's always busy.*

WHAT ADVICE WOULD YOU GIVE TO SOMEONE LOOKING AT THIS INDUSTRY?

**ATTITUDE IS KEY** for people wanting to get into this industry. All the skills that we require here, we can teach. So long as you are keen to work and develop a passion for our industry, you will find a fit.

**CHECK WHERE THE SKILLS SHORTAGES ARE** – this is often the best place to look for opportunities.

At the moment NZ is short of diesel mechanics, for example.

**PREPARE YOUR CV**

Visit dealerships or workshops where you might like to work – you can phone first to make an appointment to see someone in the business to talk about what it's like to work there.

**ASK FOR WORK EXPERIENCE** – it's hard to find a good apprentice so if you have the right attitude this shouldn't be too hard.

**DON'T GIVE UP!** A good, keen person knocking on the door with their information ready to go, will always find a fit somewhere!

- Do trucks and the transport industry fascinate you?
- Do you live to take things apart, figure out how they work, and put them back together?
- Do you want to continue learning and advance your career?
- Do you want to join a team that feels like family?
- Do you have a 'can do' attitude?

**YOU MIGHT ENJOY THESE ROLES:**

- > MECHANICAL – SERVICE MANAGER >
- LEADING HAND > FOREPERSON > DIESEL
- TECHNICIAN > APPRENTICE DIESEL
- TECHNICIAN > TRADE ASSISTANT

**A CAREER TIP FROM ALEX**
